**EASY-TO-USE SERGER**

**FOR THE LOVE OF SEWING**

## Introducing the Imaginé

If you could imagine the features you want most in a serger, you would almost certainly find them in the Baby Lock Imaginé. It delivers the convenience and innovation you would expect from a Baby Lock serger and much more. Jet-Air Threading has you serging in a breeze while the Automatic Thread Delivery System and differential feed remind you why you love to serge.

For the Love of Sewing.

**Instant Jet-Air Threading:** One touch of a lever "Jet-Airs" thread through the tubular upper, lower, and chain stitch loopers. By far, Baby Lock delivers the easiest serger to thread today.

**Automatic Thread Delivery System:** Set the Imaginé to the type of stitch you want and serge. The Imaginé will deliver a balanced stitch on any fabric with any type of thread. It even goes from one fabric type to another without skipping.

**Needle Threader:** Needle threading is quick and easy. A touch of a lever automatically threads the eye of each needle.

**Tubular Looper:** Imagine no exposed thread and no thread guides. The Baby Lock Imaginé allows you to thread in any order.

### Technology Features

- Instant Jet-Air Threading™
