Innov-Is 15, 35, 55

With sleek, modern styling, Brother's Innov-is models combine high levels of functionality with incredible ease of use. These computerised sewing machines will inspire you to be creative, and are designed to help you get the most

enjoyment from your home furnishing and dressmaking projects.

Choose the model that's right for you.

Innov-Is 15

The Innov-is 15 is perfect for the beginner or advanced sewer looking for simplicity without compromising on quality and features. The easy jog dial stitch selection and automatic needle threader, combined

with LCD screen and slide speed control make this ideal for all sorts of projects from fashion to quilting.

Innov-Is 35

The Innov-is 35 offers fantastic versatility with a range of 70 built-in stitches including utility, decorative patterns and button hole styles. The electronic jog dial gives finger tip stitch selection, while the LCD screen and

digital controls give precise, yet simple, adjustment of advanced features.

Innov-Is 55

The Innov-is 55 is feature packed with 135 built-in stitches including 10 buttonholes and lettering for monograms, labels and decorative effects. Combine stitch patterns and save to memory, repeat patterns and

even create mirror images of stitches via the easy to use keypad.

Easy to use functions

The Innov-is 15, 35 and 55 models are so simple to use. Here are just some of their practical features:

Central controls

Handy central controls help to make sewing simpler. Jog dials and electronic touch pads provide finger tip control of stitch functions.

LCD display

See at a glance information about your stitch – such as the length and width and type of presser foot[†] required.

Automatic needle threader

Needle threading is quick and simple with a one step action.

Quick set bobbin

Just drop in a full bobbin, thread in the direction of the arrow and you are ready to sew.

7-point feed

Extra feed dogs ensure a smooth feeding action and superior stitch quality. Sew smooth pin point seams on any weight of fabric, from sheer silk to denim.

LED sewing light

Effectively light your workspace Effectively light your workspace with the LED light. It uses a fraction of the power of a traditional bulb and it will last the life of the machine.

F.A.S.T. bobbin winder

Winding bobbins is fast and simple. Just wind the thread around the bobbin through the guide slot and press the start button.

Feature	Benefits	Innov-is 15	Innov-is 35	Innov-is 55
Built-in stitches	Number of stitches built-in the machine to help create your project.	16*	70*	135*
One step button holes	The one step 'auto size' button hole function creates perfectly uniform button holes in a single action. Choose your style.	3 styles	7 styles	10 styles
Automatic needle threading	Threading the needle is so simple, at the touch of a button.	√	√ Advanced	√ Advanced
Quick set bobbin	Just drop in a full bobbin and you are ready to sew.	√	√	√
Accessory compartment	Store all the machine accessories away in this neat compartment.	√	√	√
LED sewing light	A bright light that comes on automatically. Gentle on the eyes making it easier to work on dark fabrics.	√	√	√
Presser foot levelling button	Ensures the presser foot is kept level for smooth stitching across varying fabric thickness.	√	√	√
7 Point feed	Extra feed dogs provide a smooth feeding action and superior stitch quality on any weight of fabric.	√	√	√
Drop feed	Feed dogs are easily lowered for free motion or free hand sewing – useful when quilting or for embroidery.	√	√	√
F.A.S.T. bobbin winding system	"Fast And Simple Threading" makes winding bobbins quick and easy.	√	√	√
Needle stop position	Select whether the needle should be up or down when the machine stops. A useful function when turning material, sewing corners or joining quilt pieces.	√	√	√
Automatic reverse/ reinforcement stitch	Automatically sews reinforcement stitches for a neat, professional beginning and end of stitching line.	√	√	√
LCD display screen	A clear display showing you important sewing information such as stitch width/ length and type of pressure foot required.	√**	√	√
Error message	Alerts you to an incorrect setting.	√	√	√
Stitch pattern selection	Ability to quickly select the stitch pattern required.	Jog dial	Electronic jog dial	Key pad
Upper thread tension adjustment	Adjust the thread tension according to the fabric thickness and stitch type being used.	√	√	√
Handy central controls	Control buttons in one convenient location.	√	√	√
Case	Protects the machine when not in use.	Soft	Hard	Hard
Snap on presser feet	Quickly and easily change presser feet.	√	√	√
Slide speed control	The simple slide control adjusts the sewing speed from slow to fast.	√	√	√
Stitch reference panel	A detachable quick reference guide so you can see all your available stitches.		√	√
Needle mode selection key (Single/Twin)	Easily switches between single or twin needle sewing		√	√
Initial needle position function	Lets you move the needle to the left or the centre making it easy to sew your fabric at exactly the point you wish.		√	√
Lettering	Choose the lettering stitches to create names, labels and monogramme features on your work.			√
Combining patterns	Create your own stitch patterns by combining up to 35 stitches.			√
Stitch width control by speed lever	Create your own zigzag patterns easily, while sewing with the slide control.			√
Mirror imaging	For more stitch variety use this function to create a mirror image of your stitch pattern.			√
Repeated single sewing	Choose whether the stitch pattern will be sewn once or repeatedly.			√
Vertical pattern adjustment	Enables you to adjust the length of your decorative stitch patterns.			√
